RE: Scott Chaplinski Letter of Recommendation

To Whom It May Concern:

Scott worked for KAABOOWorks from March 2016 through September 2016. Scott was hired as we started a new department and position with the company doing group sales of KAABOO Del Mar passes. In this position, Scott took the initiative to draft his speech and would then cold call companies to sell group passes.

Scott also transitioned to work on site at KAABOO Del Mar in the box office to continue assisting guests with their wrist bands and other ticketing needs.

We ultimately eliminated this department and Scott was laid-off.

Scott exhibited a great deal of professionalism, initiative and had superior customer service skills.

If you have any additional questions, please do not hesitate to contact me.

Sincerely,
